CCP Events offers these extras...

RAFFLE TICKETS - Included in your package are plenty of raffle tickets to allow your group to give away door prizes at the end of the party. Special care is given to choose colors that are not available at office supply stores. This helps avoid any unauthorized duplications at the event or mix ups with other raffles you may be conducting.

Casino Gaming
Guide

GAMING GUIDE - Part of our job as entertainers is to get all the guests involved, especially guests who may not be as familiar with the rules of the games. Our gaming guide has instructions on how to play blackjack, craps and roulette.
(Available upon request)

FREE CONSULTATION - We are available to answer questions, help you develop strategies, make presentations, attend venue walk-through, customize floor plans, and assist you with our combined 45 years of experience! We feel honored you are considering us and have a responsibility to make the event as spectacular and successful as possible!

Only CCP Events offers...

CUSTOM TABLE SKIRTING - for casino height tables. CCP Events covers its portable table legs with custom-made skirting. This gives the tables a solid look and the room an elegant appearance.

PADDED TABLES - Padding under the “Vegas” quality felts gives the gaming tables a finished look. The authentic appearance of our tables makes us a favorite with clients who know Las Vegas.

REGULATION EQUIPMENT - CCP Events sets the standard for casino event style. Little touches of authenticity – drink and chip rails on our craps tables, how-to-play cards, professional accessories – mean you can enjoy a classy event with confidence.

CUSTOM CHIPS - We were not satisfied with ordinary casino party chips – so we designed ours for the ease of the player. Our pre-denominated chips leave all the guess-work out of how much they are worth!

ADA Compatible - We comply fully with the Americans with Disabilities Act. With advance notice, we can provide dining table height for seniors or the physically challenged and can also accommodate hearing and visually impaired guests.
